

EMRTS Wales Clinical Governance Day

Engagement Guidance for Non EMRTS Wales Delegates

Thank you for your interest in attending the EMRTS Wales Clinical Governance Day. This monthly event is dedicated to improving clinical performance through rigorous case reviews, presentations from experts, and review of operational data and current published research.

The Clinical Governance Day is run in accordance with the Swansea Bay University Health Board values of caring for others, working together and always improving (SB UHB is the host organisation of EMRTS Wales).

We politely request that:

- The operational and clinical content discussed during the day remains confidential. We ask that delegates do not discuss the content outside of the Clinical Governance Day environment.
- Discussions are undertaken, in a positive manner, with the aim of educating, learning and informing.
- EMRTS Wales employees are able to respond to discussions in the first instance before the floor is opened up to all delegates.

We would be grateful if you follow the above guidance and hope that you find your attendance beneficial.
